

INDIA'S LEADING EXHIBITION ON GEAR & GRINDING TECHNOLOGY

22-24 FEBRUARY 2024
AUTO CLUSTER EXHIBITION CENTER,
PUNE, INDIA

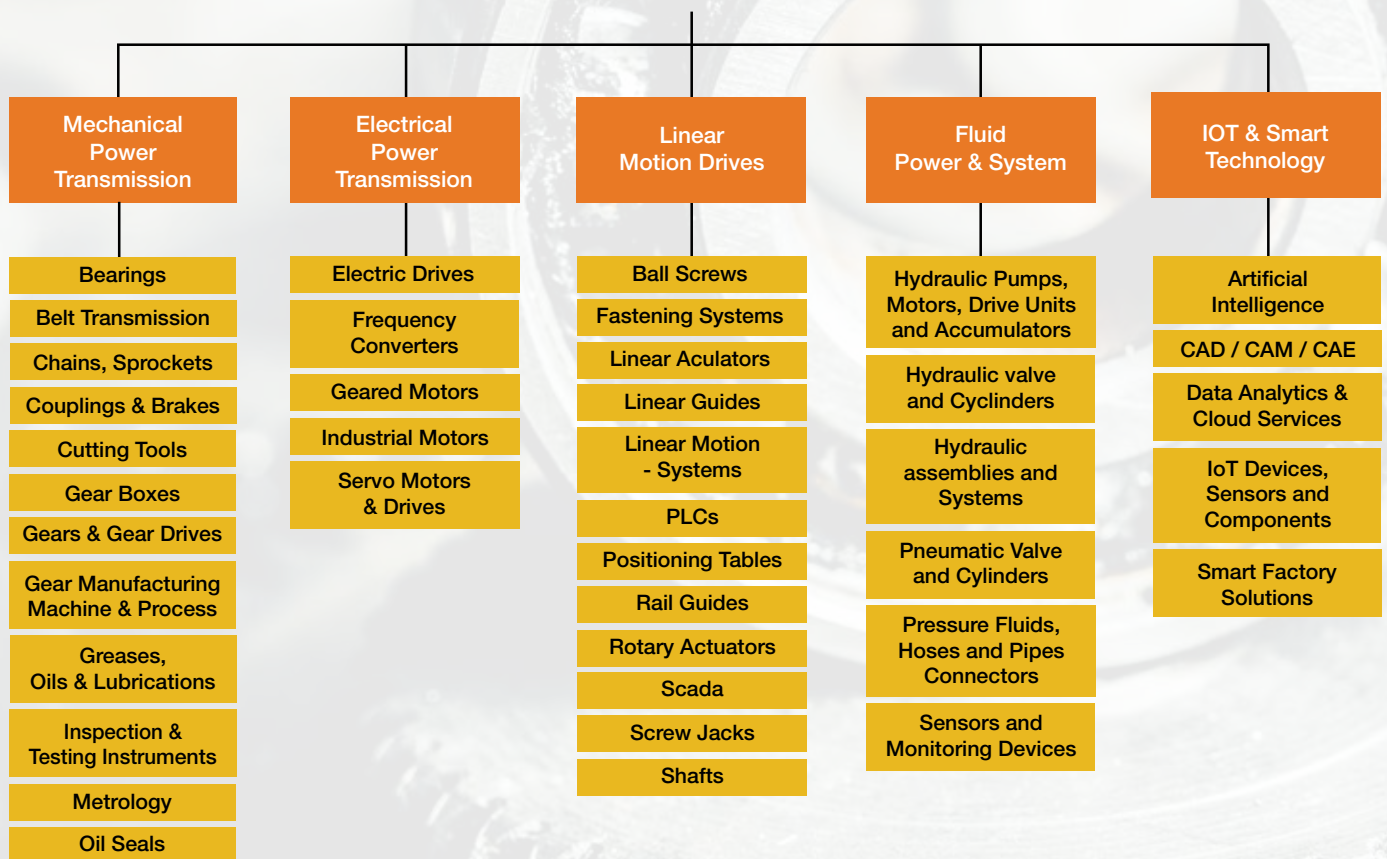

TWO MEGA EVENTS

ONE PLATFORM

India's Leading Event for Mechanical Power Transmission Industry

IPTEX is the only dedicated trade fair in India presenting the latest products & technological innovations in the gear and mechanical power transmission sector. It is recognised as an ideal platform for the engineering & manufacturing industry to get an overview into the global market trends and latest technologies. The concurrent seminar at the expo provides an enriching experience to both the exhibitors and the visitors, resulting in insightful interactions with stalwarts of the industry from across the globe.

EXHIBITOR PROFILE

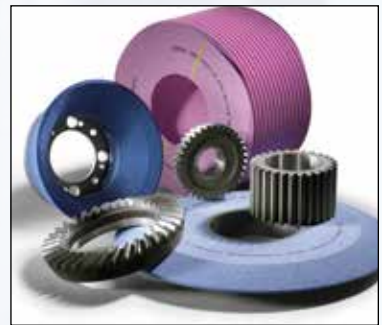

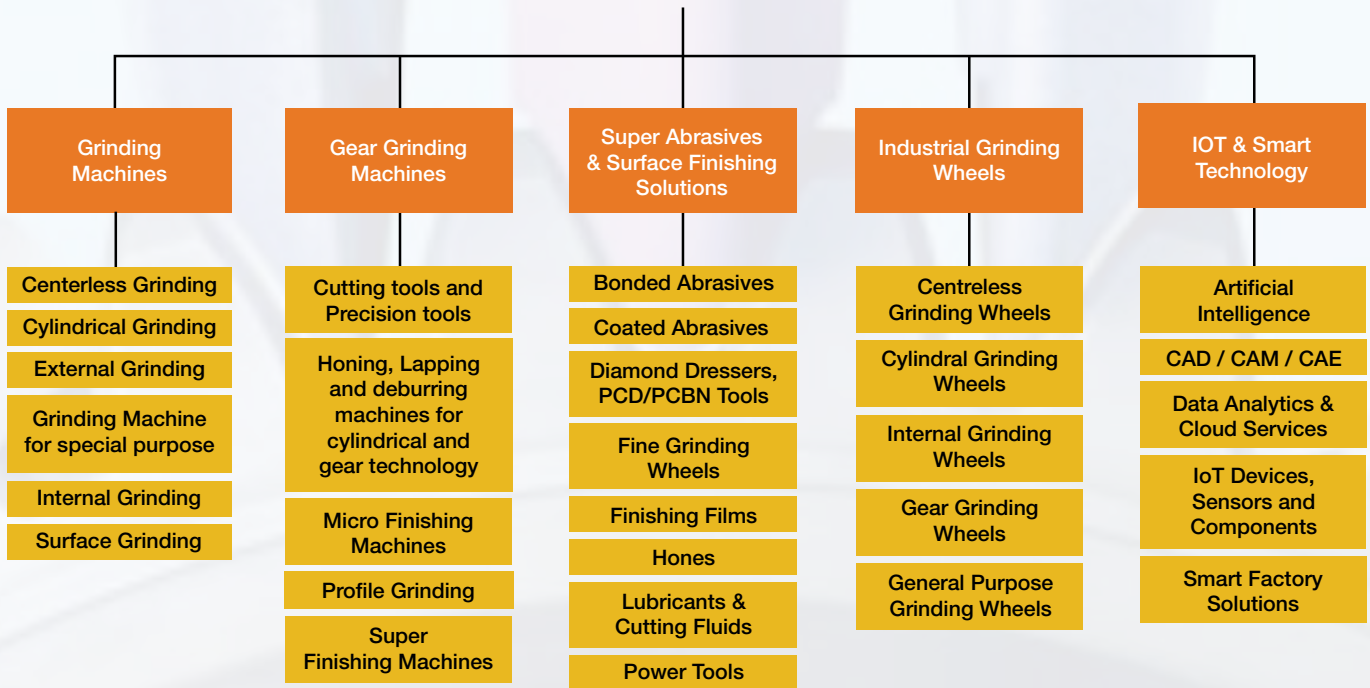

Business Platform Dedicated to the Tool Grinding & Surface Finishing Technology

GRINDEX is a globally recognised business platform dedicated to the producers of Tool Grinding & Surface finishing technology to showcase their latest products & innovation to key players of the manufacturing industry from across India.

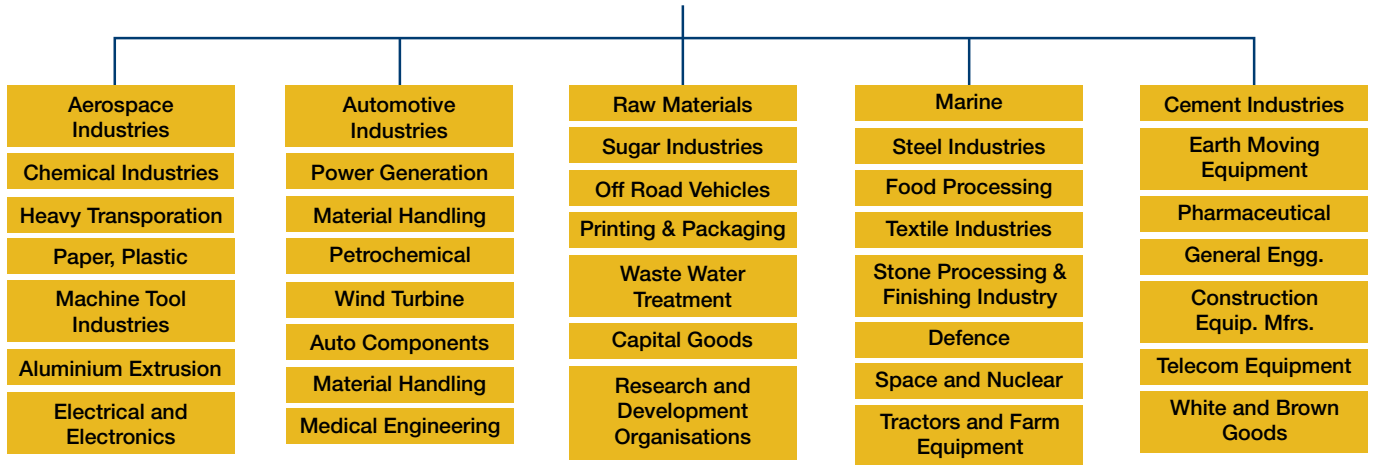

The event is specifically designed to offer an opportunity for the engineering & manufacturing sector to explore new high-end technology, solutions and applications, with the prime focus on increasing the cost-effectiveness and process efficiency.
